EXPERIENCE

Managing Director & CTO - Centric Technologies

2019 - Current | Sofia, Bulgaria

Leading the software and business development of an AI Driven, Investment Technology Firm.

Extensive work with AI and ML algorithms and systems. Building the startup's whole codebase, including infrastructure (GCP, On-premise, serverless) and DevOps from scratch using various languages and cloud environments. Managed 7-figures AUM portfolios.

Software Consultant

2023 - Current | Everywhere

Providing high-level software and system design to startups. Currently working with Hayde - a Bulgarian startup for digital payments & menus in the hospitality industry.

Founder - Capuchin.io

2018 - 2021 | Israel

Co-founded and actively managed a bootstrap startup. Capuchin.io offered a new way for SMBs to build their new website within minutes, without any technical knowledge or design experience.

Built the entire product from scratch, including backend (Python, Django), and frontend (React).

Team Lead (2017-2019), Software Engineer (2013-2019) - OM2

2013 - 2019 | Israel

Leading multiple fullstack teams in the core product group, up to 9 members each, developing sophisticated FinTech platforms in .NET stack (C#, MSSQL, WCF, EF, Redis), in both monolith and multi-service ecosystems.

Main contributor for onboarding, training and mentorship programs in the core product group.

IDF, Israel – **8200 Elite Intelligence Unit** | 2009-2012

Served in an elite SIGINT unit.
